## Pertinent Paragraphs

The report that the new dollar bill will enjoy a longer life than those formerly issued means little to the average person. Personally, we have never been able to wear out one of the old style bills.

Legal action that will lead to the release of Al Capone from the Philadelphia bastille will be instituted next week is the assertion of Charles Fischette, cousin of the Chicago racketeer who is serving a year for carrying a concealed weapon. Capone's release at this time will be an admission of collusion on the part of Philadelphia officials.

Those who toss lighted cigar stubs from automobiles are drastically dealt with—if they are caught in the act. The same law should apply to those who ride in airplanes. Fire cast from a car can at worst start only a roadside blaze, while a cigar tossed from a plane might easily light in an inaccessible part of a forest.

Now that the "Glorious Fourth" is at hand Campbellites are confronted by an additional fire hazard. The weather of the past week has been such that frame buildings are dry as tinder—easily ignited and quickly burned. Fireworks should be set off in the open, and if they are to be fired near buildings a bucket or so of water should be kept handy in case of an unlooked for conflagration.

A San Jose father recently swore to a complaint charging his two sons, both of whom are of age, with vagrancy. He said that the boys came home only to eat and sleep and that they spent their time in pool halls instead of engaging in profitable occupations. Fortunately, few fathers are confronted with a like problem, but if those who are would meet the situation as squarely as did the San Jose man a perceptible decrease in crime would probably result.

Frequent news items refer to Santa Clara county's home for the destitute as the "County Almshouse." It seems a pity that that institution cannot be called by a prettier name. We offer "Santa Clara County Home for the Aged."

A machine is being installed in the senate building at Washington which will "reduce considerably the amount of hot air which heretofore has characterized that chamber during the warm weather." We commend the effort to reduce the discomfort of our learned lawmakers, but why confine the allusion to hot air to warm weather?

"Nig," a wolf hound, was tried by a jury at San Rafael, charged by the "Humane" society with the crime of being too old to live. The dog, we are delighted to say, was freed by an 11 to 1 vote. Ancient animals, afflicted with the infirmities of age, still enjoy life after the fashion of their kind, and should be allowed to live their allotted span. Doing away with an honored canine friend because his joints are stiff is like shooting grandpa because he can't hear as well as he used to.

As much as we like to see the growers get what is coming to them we cannot help but feel that peach orchardists of this state are cutting their throats when they demand this year's exorbitant price for their crops. Few people this year will consume many peaches at 40 cents a can—which means a healthy amount of fruit on hand next season, with packers caring little whether they can peaches or not. We all know

## SUZZALO HOME ON CAMPBELL AVENUE BURNED; BIG LOSS

Fire, presumably starting from a kerosene stove, Monday morning completely destroyed the home of Mr. and Mrs. Nic Suzzalo, south side of West Campbell avenue extension. The scene of the fire was outside of the fire district, and even had the local volunteers turned out, their equipment of hose would not have reached the blaze.

Mr. Suzzalo had gone to work and Mrs. Suzzalo was at work in the wash house when she was attracted by the crackling of the flames. The dwelling was consumed in 15 minutes and so hot was the fire that an apricot tree 25 feet distant was ignited at the base by the heat. Mr. Suzzalo estimated the loss at \$4,000.

## Mrs. Susanna Peck Buried at the Los Gatos Cemetery Sat.

Friends Saturday attended the funeral of Mrs. Susanna Peck, of near Campbell, which was held at the Melvin funeral home, Los Gatos, at 2 o'clock p. m. Interment was made at Los Gatos cemetery.

Mrs. Peck passed away at her home Thursday, June 26, at the age of 58 years. She was a native of Ontario and had lived here a number of years. Ada Rebekah lodge No. 223, I. O. O. F., Campbell, lost a member in her death.

Deceased is survived by her daughter, Mrs. Ivy Tucker of Campbell, and six brothers and sisters.

## Hamilton Avenue Man Injured in Tipover

Joseph F. Noya, 167 Hamilton avenue, is in the San Jose hospital receiving treatment for a broken shoulder and several broken ribs, sustained when the machine in which he was riding, driven by J. C. Nunes, South First street, tipped over in San Jose last Thursday when Mr. Nunes attempted to free the front wheels of the automobile from the street car tracks.

## DAVID STROM AND BRIDE AT HOME IN SAN JOSE

Mr. and Mrs. David Strom returned Tuesday from a honeymoon trip to Carmel. Mr. Strom and his bride, the former Miss Margaret Deuel of San Jose, were married in that city Sunday, June 16.

The young people are at home at 1125 Lincoln way. Mr. Strom is well known in Campbell, the son of Mr. and Mrs. O. Strom, and is a graduate of the Orchard City schools. He is employed as paying teller in the San Jose branch of the American Trust Company.

## KIWANIS NOTES

All Kiwanis Night was very fittingly observed by local "builders" Monday evening when the ladies were guests of the club. President E. J. Wiesendanger presided and directed the cup-bearer with great success.

During the evening the club was entertained with solos by Steve Merrill, accompanied by his father, Dr. W. I. Merrill at the piano, and by Lou's Carboni with Mrs. Carboni at the piano.

Secretary Ira Abbott read several telegrams sent by the California Kiwanis special, en route to the international at Milwaukee. He also read the "zero hour" message of President O. Sam Cummings which was also read at hundreds of Kiwanis clubs at the same hour. The theme of the message was building better men, better business, better communities and society and closed with these lines:

"Kiwanis ideals are as applicable to nations as to men. Mutual service and common interests are binding together the Canadian and American citizens, who are Kiwanians in bonds of friendship and understanding. As the friendship of the two nations in which Kiwanis ex-

what that situation will mean when ranchers try to market a good crop—providing, of course, that they have a good crop.

That's all.

## LIEUT. SANSONE EXPLAINS NEW INSURANCE LAW

It is the belief of many automobilists that a law recently passed by the state legislature makes compulsory the purchase of liability insurance. The belief is only partially true, according to Lieut. John Sansone of the state traffic bureau.

According to Sansone, the law states that a motorist having no insurance and who damages another automobile or any person in another automobile to the extent of \$100 or more must pay such damage within 15 days or the state motor vehicle department can compel him to put up bonds or take out insurance to the amount of \$5,000 to insure payment that might arise in any future accident.

## CONGREGATIONAL GUILD MEETING CLOSES SEASON

The Congregational Women's guild held its closing meeting yesterday afternoon at the church. Reports of the organization's activities were made and other business discussed. The guild has \$230 in its treasury, according to Mrs. J. H. Bennett, president.

A. A. Purmort will leave Sunday for a summer visit to his old home at Anoka, Minn. He will be accompanied by his niece, Miss Una Hart of Los Angeles.

ists serves as the most conspicuous example of harmony and co-operation and international good will which the world possesses, so may Kiwanis, which is helping to further cement these amicable relations, exert a world influence in the field of international harmony and world peace. We build a better society.

"Only so long as Kiwanis builds in the field of the human and spiritual, only so long as the product of our building is better men, better business, better communities and a better society, will Kiwanis justify its existence.

"Let us dedicate ourselves anew at this 'zero hour' to the ideal of universal brotherhood in the fellowship of service to humanity."

Rev. Burton Palmer of Saratoga gave the address of the evening, stressing the pursuit of happiness, showing the various ideas and methods used in that pursuit. He stated that "happiness is a by-product" and showed that service for mankind is the surest way to secure that happiness so earnestly sought in other ways.

District Attorney Fred Thomas will be the speaker Tuesday, speaking on a patriotic theme, and George Washington Burrow will be the chairman.

## Prominent Photo Artist Will Be Guest Here Soon

Miss Clara E. Sipprell, the internationally known pictorialist photographer, who has won numerous prizes and mentions for her work, is expected in Campbell July 1 to spend ten days with her friend, Alexandra Mazurova George at her home on Sunny Oaks avenue. Miss Sipprell and her secretary, Mme. Irina Khrabroff, daughter of the Russian general, N. Khrabroff, who came to the United States as the head of the artillery commission during the World war, started from New York city June 1, traveling across the continent by automobile, in search of picturesque material in Arizona and New Mexico.

During her stay in Campbell there will be an exhibition of her works at the art department of the San Jose teachers college, starting July 8. On that day Mm. Khrabroff will give a talk on Yugoslavia, illustrated with lantern slides. Local people are invited to meet the prominent artist. In the way of entertainment for the visiting celebrity there will be a lawn party at the Kalas home and several teas. Appointments for sittings are being made with the artist through Mme. Mazurova George.

July 10 Miss Sipprell will leave for Canada where she has been engaged by the Canadian Pacific railway for three weeks to make pictures in the Canadian Rockies for them.

Mr. and Mrs. C. L. Watson returned the latter part of last week from a brief outing in Yosemite valley, and now have as their guest Kenneth Grant of Tucson, Ariz.

A. E. Brydon and family went to Yosemite last week.

A. Emskamp returned Wednesday from a business trip to Spokane, Wash.

The Camp Fire group of Los Banos, under Miss Verna Cutting, who has been teaching there for the past year, had an outing at Lake Yosemite in Merced county Wednesday.

Mrs. Belle Hocking and Mrs. Annie Bernardacci over the week-end enjoyed a visit from their brother, Foster Mahood, and family, of Corte Madera.

Mrs. Maude Felt of San Jose was a guest last week at the S. H. Hocking home.

Everett Norris, son of Mr. and Mrs. E. Norris of Dillon avenue, is convalescing from a mastoid operation at the county hospital.

## C. E. CONVENTION DELEGATES ACTIVE AT SAN BERNARDINO

Representing the Christian Endeavor society of the Campbell Congregational church this week at the San Bernardino convention are Miss Dorothy Merriman, Miss Hattie Naylor, Misses Ruth and Bertha Bollinger and Donald McFarland, who left Tuesday morning for the meet.

Miss Merriman, who is state junior superintendent of the C. E. society, went by train, while Miss Naylor took the others in her car. The latter expect to return Monday while Miss Merriman will visit her grandmother, Mrs. L. E. Merriman at Los Angeles at the close of the convention.

## LOCAL ORCHARDIST LIKES NEW IRRIGATION PLAN

Levi Hiatt is now irrigating an orchard by the contour system as laid out by Mr. Green, the engineer who first applied the system to orchard irrigating. The demonstration has proved very satisfactory and local orchardists have been invited to call and examine it.

J. A. Connor, rancher near Santa Clara, is also testing the system.

## GRANGE NOTES

By F. S. Newcomb

Assemblyman T. M. Wright addressed the Grange Tuesday evening on the work of the legislature during the last session. He gave a brief resume of some of the more important measures that were passed and also talked on some that failed to pass, showing how difficult it sometimes is to get through laws that would seem to most of us reasonable and desirable, on account of the opposition of powerful interests who employ the most astute agents to gain their ends and who seem always to be well supplied with money to be used in every possible way to accomplish their purpose.

Within recent years the center of population has shifted from north to south, and in recent elections the southern part of the states has cast more votes than the northern and will naturally have more influence on our legislation.

Owing to the excessive heat of the last few days the Grange was not quite as well attended as usual, but some 70 people were pleased to hear the address and gave Mr. Wright a hearty vote of thanks for coming to us with the message.

The next meeting of the Grange will be July 9, when a harvest feast will be held at 6:30 p. m.

## CAMPBELL SCHOOL STUDENT DROWNED CAPITOLA CREEK

Elsie Holstrom, 14, daughter of Mr. and Mrs. Louis Holstrom of San Jose, a student at Campbell high school and a member of the school band, was drowned Sunday morning in the creek at Capitola, where she, with her parents and brother Louis and sister Frances, both of whom attend the Campbell grammar school, was enjoying a holiday at the beach.

The unfortunate girl evidently stepped into a deep hole while wading in the creek. None of her family could swim, although her father who is handicapped by a crippled arm, made several unsuccessful attempts to reach her. An organized party recovered the body and a crew of Red Cross workers labored for four hours in an effort to revive her.

Funeral services were held in Santa Cruz the first of the week and interment was made in the Odd Fellows cemetery at that city.

## Local Girl Visits Parents at Close Successful Season

Miss Ruth Matteson, daughter of Mr. and Mrs. F. A. Matteson of Campbell, is visiting her parents here prior to going to San Francisco where she will sign a contract for further work on the stage.

During the past year Miss Matteson has made rapid strides toward the top of her profession, having just closed a successful season with the Duffy players in Portland, Ore.

## Mrs. Ada Sprague Stanfield Buried At Oak Hill Monday

Funeral services were held Monday for Mrs. Ada Sprague Stanfield, a native of New York and aunt of Guy Shepard of Campbell, from the funeral parlors of Hocking and Williams. Mrs. Stanfield passed away in San Jose Saturday after a long illness, through which she was faithfully cared for by her nephew, Mr. Shepard. Interment was made at Oak Hill cemetery.

## CAMPBELL, SAN JOSE LADIES ENTERTAINED

Mrs. Allan Rudolph and her mother, Mrs. J. E. Palmer, entertained a group of Campbell and San Jose ladies Friday afternoon at the lovely home of the former, corner of Park avenue and Hedding street, San Jose.

The rooms were simply decorated with bowls of flowers effectively placed. The dainty refreshments were cool and appetizing in spite of the warm afternoon.

Five tables of bridge were in play, Mrs. J. C. Ainsley securing high score and Mrs. E. R. Kennedy the attractive little consolation gift.

V. W. Thompson of San Jose was a caller in Cambrian district last week.

Mrs. L. Hiatt, who has been ill will neuralgia, is reported to be much improved.

Mr. and Mrs. Delbert Campbell of Hilo, Hawaii, visited this week with the former's parents, Mr. and Mrs. J. H. Campbell. They left yesterday for Berkeley where Mr. Campbell will take a course at the U. C. summer school.

S. N. Hedegard, who, with his family is vacationing at Yosemite, left them for a time in order to be present at the meeting Tuesday night of the Grange, of which he is worthy master.

The Worthen Grattan cottages on North Harrison street have been let to Mr. and Mrs. J. Duncan of Bakersfield and Mr. and Mrs. E. Grim of Lindsey.

Starting July 1 the local library will be open an hour later than usual, or until 10 o'clock Monday, Tuesday, Wednesday and Saturday nights. The extra hour was secured through the efforts of the County Woman's club.

## THE SWEET POTATO

Sweet potatoes are either long and thin or short and chunky, and eastern consumers prefer the short and chunky ones. This discovery led to research which resulted in an amazing manifestation of man's knowledge of the soil and man's power to direct the shape of vegetable growth.

The New Jersey state agricultural experiment station proved that the chunky variety of sweet potato will grow only in soil to which a fertilizer rich in potassium in relation to nitrogen has been applied. On the basis of five years of experiment by Professor Schermerhorn, potato growers of New Jersey now have available a formula for fertilizer. Dr. W. R. Robbins further extended the work, finding that short, chunky potatoes have a high percentage of protein, and long, thin ones a high percentage of carbohydrates.

Specifications were given as to the ideal dimensions of the commercial sweet potato. Four and a half inches long and two and a half inches thick.

We are willing to wager that these specifications will be met. And there is something inspiring in the thought. Now that the farmer can guide the destiny of the sweet potato, there's no telling what he'll be able to do next—he might even stop grumbling over hard times.

## INDEPENDENCE DAY

The gayest, brightest day in all the year is Independence Day, for no true American can help being thrilled by the stirring events and tumultuous national adventures that preceded the signing of the Declaration of Independence and the birth of the United States as a land dedicated to freedom and equality.

In fact, the emotions of patriotism aroused by the Fourth of July are so powerful that many times they have led persons to excess.

In a sun-burst of joy, persons have not exercised enough care in celebration, and countless tragedies have unfortunately been the result.

Fireworks produce beautiful effects and help greatly in the proper celebration of this day of days, but great care must be taken in their use. The more dangerous kinds of fireworks ought to be discarded altogether.

Above all, no parent should allow a child to remain unwatched on this day. Remember the words of Ed Howe: "It is better to be safe than sorry."

# Grandma is cooking with electricity

"JUST keeping up with the times," says Grandma Collins. "I am one of the many new users of the electric range. I was just over at the PG and E's office and they told me one thousand five hundred of their customers will get electric ranges this May and June."

The electric range gives a beautiful, clean kitchen and perfect baking to women who love modern methods.

The electric range has white and gray porcelain enamel that makes kitchens attractive. It bakes perfectly. And it does it automatically. The oven heats up to 400 degrees in 9 to 11 minutes—as fast as one can mix biscuits. The open or closed cooking elements are now made smaller to fit your pans. Heat that was formerly wasted goes to work. Food cooks faster, less electricity is used.

While you're downtown, stop in at a dealer's or at our office and see these new electric ranges. Or telephone us and our representative will gladly show you pictures of the many beautiful new models.

### Electric water heating is now economical

The cut in rates of a year ago, means that an electric water heater, when used with an electric range, heats water for only one-third to one-half of a cent per gallon. So little to pay for hot water. And a CLEAN, COOL, all-electric kitchen.

No wonder that women using electricity for cooking are turning to electricity for heating water.

##### W. C. T. U. NOTES

A postponed meeting of the local W. C. T. U. was held with Mrs. E. R. Smith Wednesday afternoon.

The lack of a suitable place for the cannery workers to spend their leisure time and the fact that so many children roamed around the streets during the fruit season came up for earnest discussion.

The program was in the interest of the flower mission department, bouquets being sent to the sick and aged.

The local organization, wishing to inform themselves of the exact status of the punchboard wrote to the district attorney recently, the following being the reply they received:

Mrs. C. S. Treat  
Campbell, Calif.

Dear Madam:

Replying to your letter of recent date relative to punch boards, will state that it is my opinion that punch boards are illegal and are a form of lottery. The elements necessary to make them a lottery are these: disposition of a prize, upon a contingency to determine by chance, to a person who has paid a valuable consideration for the chance of winning the prize.

Trusting that this answers your question, I am

Very truly yours,

(Signed) Fred L. Thomas, D. A.

If you like an open road, in a car that can travel as fast as you care to drive it, you will enjoy it twice as much on Generals. If you have ever felt your tires at the end of a fast run, you know that speed means heat. By using only the purest friction and tread rubber in generous quantities, General reduces internal friction (the cause of heat in tires) to a minimum. With Generals you can travel far and fast with the comforting knowledge that they won't wither from heat when you need them most.
